LEGACY

THE LEGACY BEHIND THE UNIVERSITY

Metro University is founded by

Dr. (Prof.) Purshotam Lal

Padma Vibhushan & Padma Bhushan awardee, and India's most decorated interventional cardiologist. Named the Father of Inter-ventional Cardiology in India, Dr. Lal has pioneered over 20 first-of-their-kind cardiac procedures — several of them world firsts.

In 1997, he established Metro Group of Hospitals with a single institute serving heart patients. Today, Metro Group spans 12 hospitals across North India — Noida, Delhi, Faridabad, Meerut, Rewari, Jaipur, Haridwar and Vadodara — with an international presence in Oman and Cambodia, backed by 1,200+ doctors and a legacy of serving over 85 lakh patients.

Education has been part of Metro's mission since 2010, through Metro College of Health Sciences & Research (MCHSR) in Greater Noida. Metro University is the natural evolution of that commitment — a full, multi-disciplinary university built on the same foundation of rigour, industry alignment, and public service that has defined Metro Group for nearly three decades.

“

At Metro Hospitals, we adopt every patient as a family member the moment they walk through our doors. At Metro University, we extend the same commitment to every student—providing a nurturing environment, personalized guidance, and unwavering support to help them realize their aspirations and build a successful future.

”

Dr. (Prof.) Purshotam Lal

Padma Vibhushan, Padma Bhushan & Dr B C Roy National Awardee
Founder & Chairman, Metro Group of Hospitals

WHY CHOOSE METRO UNIVERSITY

Metro University combines academic excellence with practical learning, industry exposure and career-focused.

World-Class Infrastructure

State-of-the-art infrastructure designed to foster innovation, creativity, collaboration, and academic excellence, providing students with an inspiring environment for learning and personal growth.

Excellent Connectivity

Strategically located with seamless connectivity through air, rail, and road networks, ensuring convenient access for students, faculty, and visitors from across the country.

Career-Focused Learning

Programmes are designed with emphasis on applied learning, employability, skill development and future-ready professional growth.

STRONG INDUSTRY CONNECT

Metro University engages with reputed organisations including Infosys, TCS, Wipro, HP, Lenovo, Dell and other industry partners for internships, live projects, industry exposure and career pathways.

DEDICATED PLACEMENT ASSISTANCE

Students receive structured career guidance, placement support, internship opportunities and employability training.

INTEGRATED ECOSYSTEM ADVANTAGE

Students benefit from Metro's healthcare, education and institutional ecosystem, with exposure across technology, business, management, media and communication domains.

INTERNSHIP-TO-CAREER PATHWAY

Internship → Skill Development → Industry Exposure → Career Opportunities

MCHSR ACADEMIC EXCELLENCE

- Best Nursing College of India
- Best Pharmacy College of India
- 'A' Rated Nursing Institute by QCI

ACADEMIC SCHOOLS

SCHOOL OF ENGINEERING & TECHNOLOGY

The School of Engineering & Technology prepares graduates for successful careers in engineering practices, research & innovation, and modern emerging technologies, equipping students with the skills to excel in a rapidly evolving global landscape.

Programmes Offered – Undergraduate: B.Tech, BCA | Postgraduate: MCA

B.Tech Specialisations
